

# WHEN GIANTS FALL

## PREFACE

Often times, we are treated to shocking stories of the fall of respected Church, public and political leaders. The list of ‘fallen heroes’ is getting longer by the day. Whatever are the causes of their fall; some fortunately, deserve the fall, others, however fall out of carelessness, while a few (very few in our time) fall sacrificially.

God has time and again raised men and women from among us whom He has purposed to use in this world, but very few of them stand out for a decade. Men of God (as we call them) have risen and Men of God have fallen. The advancement of the gospel has in some cases met stiff resistance because the people it is presented to still remember the ‘fallen giants’ and thus conclude (wrongly though) that Christianity is not real. Some fall due to mere carelessness while others deserve to fall, but all the same the consequence are the same: they leave a very bad mark on Christianity.

The purpose of this Bible study series is not to expose these

### *When the Giants Fall*

fallen heroes in the faith but rather to explore some of the factors that led and still lead to these falls and perhaps learn a lesson from their predicaments. It is a sobering reality that some of those standing today may fall tomorrow. Having seen the reality of this, Paul warned the early church by saying: **“So, if you think you are standing firm, be careful that you do not fall ”** [1 Corinthians 10:12]. It is those who are standing that fall. Many that have fallen rarely thought that they would fall.

We will look at three Bible giants who fell in their time and compare their situations with ours with the sole reason of learning from them. In the first part of the study we will see the case of one Goliath who by all means deserved to fall. We will then look at King David who fell out of his own carelessness, and finally on our Lord Jesus Christ whose fall was sacrificial. It is my sincere prayer and desire that learning from them, we may be careful how we live.

Enjoy a fruitful study!!

## Part One

### THE FALL OF GOLIATH: A DESERVED FALL

#### Study One:

#### The Goliaths Of This World

*1 Samuel 17: 1-11*

#### Introduction

**T**he world is full of giants of various sorts; giants whose sight threaten and silence multitudes. In our time we have seen or heard of such people rising to power. When they speak, they roar like a lion. SCOM branches have been closed at their commands and members have suffered, been persecuted and suspended under their administration for no apparent reasons.

Church leaders have risen and made every effort to fight against born agains while favouring the 'born againsts'. In some countries, the church has suffered greatly in the hands of those who hate Christianity. Christians are still dying today because of Christ. At times it seems like the children of God are losing; but like Goliath, their fate is already pronounced. They cannot defy the ranks of the Mighty One and live long.

## Study 2

### THE GOLIATHS ARE DESTINED TO FALL

#### Introduction

It is very unlikely that any of the soldiers in Israel camp ever dreamt that Goliath would fall. In their eye, Goliath was a champion and an impossible enemy. He was super human and covered all over-yes it was practically impossible to fight him using sword and spear. Who could dare draw closer to him and live! Warriors that cannot fight are a disgrace to their citizens! The only possible weapon [missile] that could find its way into Goliaths body was a small stone, shaped in the form of the opening on his forehead. It took, a shepherd boy to see this, with the eyes of faith. It is the mustard seed-size type of faith that brings Goliaths horizontal to the ground! How often we shrink in the face of the many challenges we encounter in our spiritual journey. But the truth of the matter is that these Goliaths, no matter how powerful, scaring and secure they may appear; are bound to fall! They deserve it!

**Study Three**

**LITTLE DAVIDS VS MIGHTY GOLIATHS**

**Introduction**

**D**espite being the youngest in their family and that he had never been to war in his life and the sharp rebuke from his elder brother, David unlike other soldiers in the battle front could not stand the defiant talk of Goliath; the uncircumcised heathen, whose God was not god at all! Despite being of tender age and not fit for war, David knew his God so well that he felt compelled to silence the giant once and for all!

The world is full of the mighty Goliath's and sometimes Christians feel like the little David's; like grasshoppers in their sight. Sometimes when we try to speak out, our very brothers silence us. They feel threatened by our stand. We therefore remain quite when we are expected to talk due to fear. The devil continues to have a field day!

**Study Questions**

    - b. Can we win our spiritual battles without putting up a spiritual fight? Is there any hope of success?

**B. DAVID'S SECRET [vv41-47]**

4.
  - a. What impresses you about the conversation and battle between David and Goliath?
  - b. What do you think was the source of David's confidence as he approached the giant?

  - a. What must have been the people's reaction when they saw David challenging the giant?
  - b. From human point of view why was David an unlikely choice as champion of Israel [vv. 15, 33, 38-40]?

## Study Four

### FACING THE CHALLENGE [1 Samuel 17:1-58]

#### Introduction

**A**n old popular chorus says:  
*‘I am a soldier in the army, I am a soldier in the army of Jesus’ If I live let me live in the army, if I die let me die in the army, cause I am a soldier in the army of the Lord!’*

Being always conscious of the warfare, we are engaged in helps us to be on the ready. As soldiers we should always be willing to fight for life. The enemy is ready and determined to fight on despite our status [fighting back or not]. We must always be ready to face the enemy head on. There is no room for turning back.

#### Study questions

2.
  - a. What could have happened if Israel had run away from the threats of Goliath vv51-54?
  - b. If Israel had retreated from the battlefield, could God have worked deliverance in the way He did?
3. As the enemy moved closer, to which direction did little David ran [verse 48]? Was there any room for David to retreat?
4. Sometimes we think it is more spiritual to remain silent and not to fight back?

- to spiritual warfare?
  - b. By remaining quite, does this signify that we are meek or weak?

##### B. OUR WEAPONS

5. Did the five small stones that David picked [verse 40, 49] have any spiritual significance to us today?

  - b. Are they capable of defeating the enemy?
7. After having slain the giant with a small stone, David ran and stood over him [verse 51]
  - a. What would you suggest is the reason why David used the corpse of Goliath for a platform?
  - b. Is it possible for us to use what seem to be roadblocks in our lives as stepping-stones to victory?
8. What lesson have you learnt from the fall of Goliath in this part of the study?

#### ***Study 5***

#### **THE BATHSHEBA'S OF OUR TIME, 2 SAMUEL 11:1-5**

##### **Introduction**

**W**e hear of many sexual scandals in the church today. Many are still falling prey of this evil. Some scandals that hit the body of Christ are committed within the body of Christ while others from outside. The question has always been why should people continue falling victims of this despite being fully aware of the grave consequences this has on their lives and on Christian faith? The sin of sexual immorality always involves two parties. Unless it is a rape, sex almost always is committed when the two agree to do it. In the text of study, it is David who bears the blame? But is that all? Does he bear all the blame? Does Bathsheba not play any part in the fall of the Man of God? Are the current sexual scandals in the Body of Christ a product of

- b. Is this a proper way of exercising their freedom?

### C. Mind Your Business: Be A Gentleman!

7. a. What do you think is the reason why?
  - i Men condemn mini and micro skirts among ladies?
  - ii) Some women insist that it is their democratic right as women to dress this way?
- b. Are these arguments justifiable before God?

## Study 6

### MEN OF GOD; WATCH OUT!

#### Introduction

The term “man of God” is so popular among Christians these days! Everyone wants to be called a man or woman of God. Yes, it really shows that one is no ordinary Christian, but one whom the Lord is using in a mighty way. For all purposes of esteem, it feels good to be called ‘a man of God’. It gives one a sense of importance! The tragedy however is that many such ‘men and women’ of God, who rise up don’t stand for long. Many have fallen prey of the devil’s tricks. Sex, power, and money have been the most common traps that have sent these giants horizontal to the ground, for some, never to rise again! Men of God have fallen, men of God are falling and will still fall unless!

## Study 7

### THE CHAIN REACTION OF SIN: CAN IT BE STOPPED?

#### Introduction

**S**in often begins with a series of temptations, each one leading to the next. Sin is active and progressive. One sin leads to another. Usually it starts as a small sin and gets bigger and bigger until explodes, unless if it is dealt with. What began as a lustful desire in David lead into adultery. Adultery led into corruption finally into murder. That is typical of sin. Describing this chain reaction, James the apostle say:

*“But each one is tempted when, by his own evil desires he is dragged away and enticed. Then after desire has conceived it gives birth to sin, and sin when it is full-grown gives birth to death [James: 1:14-15]*

The ultimate end of any sin is death. Sin, now matter how small it may appear in its inception leads to death. Blessed are those whose sin does not lead to death, but they confess it before it can strike the final blow.

## Study 8

### MODERN NATHAN: WHAT A RARE SPECIES!

#### Introduction

One of the ills that the modern Christian army has suffered is its failure to restore its wounded. As an army engaged in warfare, it is likely that it will be faced with the possibility of having some of its soldiers wounded. It is therefore the duty of every responsible soldier to assist the wounded fellows to prevent the possibility of being captured as prisoners of war. It's sickening to see that so many of our brothers who have fallen casualties have been left on the ground bleeding to death. Today many are prisoners in the enemy's camp and are a source of shame and ridicule to our camp. Someone observed [and rightly so] that the Christian army is the only one in the world that finishes its own wounded! When we gossip about those who are caught up in some kind of sin are trying to help them or not? Unless we make every effort to emulate Nathan's example, our camp will continue to suffer loss!

**B FINISHING OUR WOUNDED! Galatians 6:1-5**

  - d. Why is it important to restore those who are caught in sin?
- 5. The tendency in most of our fellowships, churches or gatherings is to ex-communicate those who fall into sin.
  - a. Does this effectively help to restore the victim back to the faith?
  - b. Does this show that we are "really spiritual" by doing so?
- 6. "Of all armies in the world, the Christian army is the only army that finishes its own wounded"
  - a. Do you agree with this observation, explain your answer.
  - b. Have we ever been found in a situation on our campus where a brother or sister is caught up in sin? How did we react?
  - c. In what ways does our reaction to their predicament help to restore or finish them off?

**C. A LESSON FOR ALL OF US! 2 Samuel 12:1-14, Galatians 6:1-5.**

- 7. By restoring the fallen brother or sister, are we implying that we are condoning sin?
  - b. What would be of greater value to you, maintaining the reputation of your fellowship/church or restoring to the Lord a fallen brother/sister, which may tarnish

- your name?
- 8. One reason why Christians are quick to finish fallen victims is that they don't want to take responsibility over the victim
  - a. Whose responsibility is it to restore fallen brethren?
  - b. Should we still restore them even if their fall was as a result of their own carelessness?
- 9. Are there any known brothers and sisters who have currently been caught in sin in your fellowship? What plan of action do you intend to take?

### **THE FALL OF JESUS: A SACRIFICIAL FALL**

#### ***Study 9***

### **THE CHALLENGE OF BEING A CHRISTIAN TODAY!**

#### **Introduction**

**O**ne thing that Our Lord Jesus Christ made clear to His disciples before He “fell” out of favour from the very people He came to serve and save was that “the world will hate them just as it hated Him”. Since then Christians have gone through persecution, opposition, criticism of all kinds. Jesus was

fully aware of what would befall Him. And was ready to face it. His death appeared like a defeat to those who did not know His mission. His enemies thought they had won the battle. They were wrong!

Christianity today is offensive to many. They hate the word Christian and Born Again. This agrees so well with the Words of Jesus. To be a Christian today is not just like bread and butter. We need to brace ourselves to be hated by the world, not because we have sinned against it, but because we belong to our Lord Jesus Christ. Jesus willingly “fell” in the hands of His captors as a sacrifice for all of us to be victorious, be it in death or in life.

#### **Study questions**

#### **A. BATTLE CONSCIOUSNESS: John 15:18-25; 16:1-4**

  - b. Why was it necessary for them to remember these things?
2. Does any of the things that Jesus told the disciple in His address, take place in our time? What are they?
  - b. In what ways will our constant awareness that we are engaged in warfare with forces of darkness help us to avoid despairing?
3. Christians have suffered in many ways throughout the history of the church.
  - a. Does suffering in the name of our Lord imply that the Christian is in the wrong?
  - b. What kind of treatment can the disciples expect from those who do not know Christ?

#### **B. CONFORM OR TRANSFORM? Romans 12:1-2**

4. Why do you think Paul uses the imagery of “living sacrifices” to describe our response to God’s mercy?
  5. Sometimes we view God’s will as something to be avoided rather desired. How can the last part of verse 2 correct this distortion?
  6. How would the kind of love Paul describes in verses 9-16 transform our relationships with other Christians?
- A. BECOMING ALL THINGS TO ALL MEN :  
1 Corinthians 9:19- 27.**
7. “Though I am free and belong to no man, I make myself a slave to everyone”
    - a. What does Paul mean by this statement?
    - b. What was the reason behind his self-proclaimed slavery?
  8.
    - a. By becoming all things to all men is Paul living a life of compromise?
    - b. Did Paul achieve his goal by doing this?
  9. Would it be too much a sacrifice for you if were to give up your rights for the sake of the gospel?

#### Introduction

**U**nless a seed is buried in the soil, it cannot produce a crop of its kind. Every wise farmer makes sure that he has buried his seed to the ground where it will be left. It is prone to be attacked by pests and diseases, which may cut short its life expectancy. Yet the farmer somehow believes that it will germinate and develop into a healthy productive plant. Unless the farmer is willing to let go his seed, he cannot harvest anything. It will remain nothing but seed. And yet if he plants it, it has the potential to multiply and give him a rich harvest .The process of germination converts the once dormant seed into an active plant that is capable of growing and producing.

Unless man dies from the **self**, which is naturally **selfish** and corrupt, he cannot be of any spiritual value. The natural man belongs to the physical world and is subject to death and decay. The spiritual man on the other hand belongs to the spiritual world and lives eternally. The spiritual man cannot be born unless the natural one dies. Like the seed, the natural man needs to die and be buried with Christ so as to resurrect a brand new man capable of growing and producing a rich spiritual harvest.

### BEARERS OF THE CROSS: WHAT'S THE OPTION?

#### Introduction

Jesus had previously declared that if anyone wanted to follow Him that person would have to deny himself, pick up the cross and then follow Him. Seeing how Jesus suffered and fell under the weight of the cross, we should never be surprised when we experience the same. The cross of Christ was a symbol of death and sacrifice. The same is true of those who seek to follow Him.

The weight of the cross will at times be heavy and some may fall under it. But those who may 'fall' under the weight of the cross if indeed they have grown faint and weary, should draw encouragement from the Master who was the first to bear it.

In the decadent society, which we find ourselves, cross bearers will find its weight increasingly heavy. It is one thing to throw it off, but it is another to fall under it. To throw it off implies we have found the sacrifice too much pay. To fall under it is to be willing to bear its shame no matter the cost.

### **CROOKED AND DEPRAVED GENERATION [1 PETER 4:1-11]**

#### **Introduction**

“His intent was that now, through the Church, the manifold wisdom of God should be made known to the rulers and authorities in the heavenly realms.....”[**Ephesians 3:10**]

God has high hopes for the church. He desires that His wisdom be known to the entire world through the Church. The Church is the medium through which God is to be revealed to the rulers and authorities of the world. The Church is meant to be the light for the society and yet the society largely remains in darkness. What has happened to the source of light that people should grope in the dark?

The Church is designed to be the salt of the society [world] for its preservation and palatability and yet the society is so rotten that it stinks! Has the salt lost its saltiness or has it become too salty to the dislike of the world? The tragedy we are in is that “ **a rotten society is indicative of a rotten Church**” If things are getting rotten, the blame goes to the preservative and not the agents responsible for routing: they are just doing their work after all! When there is darkness, we do not blame its source but rather the source of light. The truth is: darkness takes cover in the presence of light!

Giants are falling be it deservedly or carelessly. What is the role of the Church is restoring the fallen giants or preventing possible falls? How can the Church be more effective in making known

the ‘manifold wisdom’ of God in this crooked generation?
